Public Policy Committee – Statement of Commitment

Public Policy Committee – Statement of Commitment

As a Public Policy Committee Member I understand and agree:

1. I will attend at least 75% of committee meetings held 4 – 5:30 p.m. the third Wednesday of the month; and will stay engaged with the Committee, recognizing public policy is an ongoing topic of discussion that requires members’ continuous attention and education. I understand that if my attendance falls below 75%, the Public Policy Committee may replace me;
2. I will actively participate in the committee in a respectful manner, as defined by the Committee, to encourage engagement by and support of all meeting participants;
3. I will work in good faith and in partnership with staff and other Committee members to achieve the goals of the Public Policy Committee to empower, support, and ensure the rights of consumers, eliminate stigma and discrimination, and advance self-determination and choice.
4. I will serve the two-year term. If circumstances change that do not allow me to serve my entire two-year term, I will notify the committee as soon as possible to allow the committee to find another committee member.

Signature _____ Date _____

Print name: _____
